Dear Families,

This month celebrates Pride 2020. I have included different resources including information about LGBTQ+ support for young people and how young people can celebrate Pride 2020 during the pandemic.

I have also attached resources from Growing Against Violence (GAV). The current pandemic has highlighted an increase in online offenders targeting young people using social media platforms. GAV have created videos for parents/carers and young people to help ensure the community is safeguarded when using social media.

Also included are resources from the Stem4 website to support families during COVID19 and a flyer from Merton Education Wellbeing Service who are now taking self-referrals from parents/carers.

Stay safe and take care.
