

Welcome to KS5 Core Maths Essential work

We would like every student who begins the Core Maths course in September to be as fully prepared as possible. With this in mind you should be doing some revision between now and joining us in September.

Please work through the uploaded topic workbooks. On the front cover of each workbook is a link to a support video if you need it. Answers have also been uploaded for you to check your work.

Please ensure you bring along your completed workbooks in September.
