

Curriculum Policy

2019-20

Approved by: The RPHS Governing Body **Date:** October 2019

Last reviewed on: October 2019

Next review due by: October 2020

1. Intent

The curriculum at Raynes Park High School aims to:

- Provide a broad and balanced education for all students
- Build upon student's experiences at primary school
- Meet the statutory guidelines as set out in the National Curriculum
- Enable students to develop knowledge, understand concepts, enhance their vocabulary and acquire skills, and be able to choose and apply these in relevant situations
- Support students' spiritual, moral, social and cultural development
- Seek opportunities to build / enhance student's cultural capital
- Support students' physical development and responsibility for their own health and enable them to be active
- Promote a positive attitude towards learning
- Ensure equal access to learning with high expectations for every student and appropriate levels of challenge and support
- Provide subject choices that support students' learning and progression and enable them to work towards achieving their goals
- Develop students' independent learning skills and resilience to equip them for further/higher education and employment

2. Legislation and guidance

This policy reflects the requirements of the National Curriculum programmes of study, which all maintained schools in England must teach.

It also reflects requirements for inclusion and equality as set out in the Special Educational Needs and Disability Code of Practice 2014 and Equality Act 2010, and refers to curriculum-related expectations of governing boards set out in the Department for Education's Governance Handbook.

3. Roles and responsibilities

3.1 The Governing Board

The Governing Board will monitor the effectiveness of this policy and hold the headteacher to account for its implementation.

The Governing Board will also ensure that:

- A robust framework is in place for setting curriculum priorities and aspirational targets
- Enough teaching time is provided for students to cover the National Curriculum and other statutory requirements
- All courses provided for students below the age of 19 that lead to qualifications such as GCSEs and A-levels are approved by the secretary of state
- The school implements the relevant statutory assessment arrangements
- It participates actively in decision-making about the breadth and balance of the curriculum
- It fulfils its role in processes to disapply students from all or part of the National Curriculum where appropriate and in any subsequent appeals
- Students are provided with independent, impartial careers guidance, and that this is appropriately resourced

3.2 Head teacher

The headteacher is responsible for ensuring that this policy is adhered to and that;

- All required elements of the curriculum and those subjects which the school chooses to offer have aims and objectives which reflect the aims of the school and indicate how the needs of individual students will be met

- The amount of time provided for teaching the required elements of the curriculum is adequate and is reviewed by the governing board
- Where appropriate, the individual needs of some students are met by permanent or temporary disapplication from all or part of the National Curriculum
- They manage requests to withdraw children from curriculum subjects, where appropriate
- The school's procedures for assessment meet all legal requirements
- The Governing Board is fully involved in decision-making processes that relate to the breadth and balance of the curriculum
- The Governing Board is advised on whole-school targets in order to make informed decisions
- Proper provision is in place for students with different abilities and needs, including children with SEN

3.3 Other responsibilities / commitments

- Heads of Department, SLT and Heads of Year have responsibility for advising the Deputy and Head teacher about resources and time requirements for subjects and incoming groups and the deployment of staff.
- Following consultation with staff and students, the Leadership Team constructs an annual curriculum model
- The Head teacher anticipates curriculum needs and staffing requirements to inform about teacher recruitment and retention
- The Head teacher presents the curriculum model to governors for consideration
- The Head teacher recruits appropriate staff to meet the needs of the curriculum

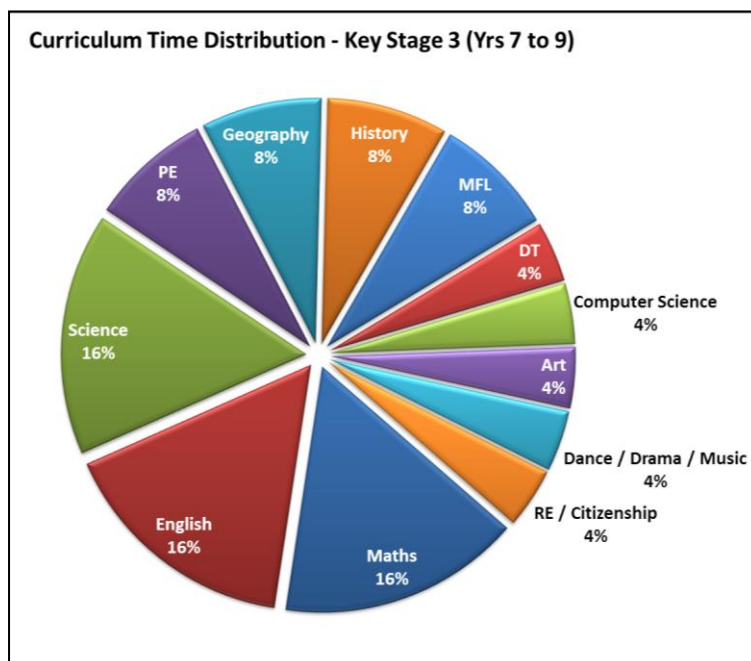

4. Implementation

Raynes Park High School implements both a formal and informal curriculum. The formal curriculum consists of the 25 timetabled lessons per week, while the informal curriculum includes a wide range of clubs and extra-curricular activities that run both before and after school as well at lunchtimes and during the school holidays.

The formal curriculum

Our formal curriculum structure at KS3 (Years 7 to 9). Each students 25 period week is broken down as;

Subject	Periods	Minutes
Maths	4	240
English	4	240
Science	4	240
PE	2	120
DT	1	60
Geography	2	120
History	2	120
MFL	2	120
Computer Science	1	60
Art	1	60
Dance / Drama / Music (Rotation)	1	60
Learning 4 Life (RE / Citizenship & PSHE)	1	60
Totals	25	1500

Our formal curriculum structure at KS4 (Years 10 and 11). Each students 25 period week is broken down as;

Subject	Periods	Minutes
Maths	4	240
English	4	240
Science	4	240
PE	1	60
Option A	3	180
Option B	3	180
Option C	3	180
Option D including Triple Science	3	180
Totals	25	1500

Year 9 - the KS3 to KS4 transition

Some subjects e.g. Science, start to deliver their GCSE content in Year 9 as a result of the increased content on the new KS4 specifications. As a result, Year 9 is a blend of KS3 SOW and KS4 SOW. This allows individual subjects to be able to tailor their curriculum maps and SOW to needs of the students and the demands of their KS4 courses.

Our KS4 options process

Our students make their option choices in Year 9. All students are required to choose 1 Ebacc subject from History, Geography or MFL (French or Spanish) to ensure that all students fill their P8 buckets.

Students then chose 3 further option subjects in order to fill the 4 option slots. While these are free / open choices, we ensure that all students receive high quality advice and guidance regarding their choices and future pathways to ensure that they select appropriate subjects taking into account;

- Their academic ability
- A student's strengths and weaknesses
- Student's future career aspirations
- Support students may require

Within this framework, every student's development as a unique individual will be supported.

As a result, there is no compulsory requirement for any student to follow an Ebacc pathway. However, we do actively encourage this pathway to support the government's aim to increase Ebacc uptake.

The curriculum on offer for each year group will be updated / amended based on a number of factors including;

- The academic profile of the cohort
- Changes to DfE policy
- Amendments to specifications / methods of assessment by examination boards

The Raynes Park High School curriculum addresses the statutory requirements whilst ensuring it is also;

- Broad, balanced, coherent and relevant
- Is accessible for all students and promotes high expectations
- Is delivered using a range of teaching and learning styles
- Is differentiated so that it provides appropriate support and challenge and engages all students
- Is flexible, allowing it to change and adapt to the changing needs of our students
- Utilises the range of resources available

- Reflects and enriches the local community that we serve

5. Inclusion

Teachers set high expectations for all students. They will use appropriate assessment to measure the impact of the SOW and the quality of teaching and report on this regularly to all stakeholders.

Teachers set ambitious targets and plan challenging work for all groups including:

- More able students
- Students with low prior attainment
- Students from disadvantaged backgrounds
- Students with SEN
- Students with English as an additional language (EAL)

Teachers will plan lessons so that students with SEN and/or disabilities can study every National Curriculum subject, wherever possible, and ensure that there are no barriers to every student achieving.

Teachers will also take account of the needs of students whose first language is not English. Lessons will be planned so that teaching opportunities help students to develop their English, and to support students to take part in all subjects.

Further information can be found in our statement of equality information and objectives, and in our SEN policy and information report.

6. Key Stage 5

Students at Raynes Park High School 6th Form are offered a range of linear A Levels and vocational BTEC and Cambridge courses. Most students start following a curriculum that provides them with 3 A Level (or equivalent) grades / qualifications providing them with a pathway onto university. Where appropriate, students can study for a 4th subject at AS or A level while some students supplement their choices with AS or A levels in their Home Language.

One other option for students to gain additional qualifications / credit for university applications is to complete an EPQ (Extended Project Qualification). The EPQ has the value of an AS level for university / employers and is usually completed alongside 3 A Levels or equivalent.

Where KS5 students are yet to “pass” GCSE English and or Maths at grade 4 or above, they will attend lessons to support them and be entered for these qualifications until the standard pass grades (4+) are achieved or they finish their programme of study.

As with the offer at KS 3 and 4, the KS5 curriculum is reviewed annually and as such the range of subjects and types of qualifications varies from year to year (please see our 6th Form application for our current offer).

7. Monitoring arrangements

Governors monitor coverage of National Curriculum subjects and compliance with other statutory requirements through committee meetings, strategic visits and updates from SLT.

The Leadership Team continuously monitors the implementation of the curriculum to ensure that:

- Curriculum is appropriate, challenging and relevant whilst following guidance from the DFE and examination bodies
- The curriculum is delivered successfully through the monitoring and development of good and outstanding teaching and learning
- The appraisal and capability policy is used to ensure that standards in all areas of this policy are implemented to a high level

- This policy is reviewed annually, utilising parent consultation and feedback to ensure all views are considered on how we report progress
- All national guidance on changes to curriculum and assessment are reflected in our curriculum and assessment models
- Targets are challenging and linked to GCSE and higher qualifications

Heads of Departments monitor the way their subject is taught throughout the school using;

- Learning Walks
- Book Looks
- Marking Scrutiny
- Student Voice
- Monitoring of Progress data

Heads of Department also have responsibility for monitoring the way in which resources are stored and managed.

This policy will be reviewed annually by the head teacher, the senior leadership team and the governing body. At every review, the policy will be shared with the full governing board.

8. Links with other policies / documents include;

- Subject Curriculum Maps
- Schemes of Work
- SEN policy and information reports
- Pupil Premium Policy
- More Able Provision
- Year Options Booklet
- 6th Form Course Information
- Equality information and objectives
- Assessment policy
- Non-examination assessment policy
