Anti-Bullying Policy

Bullying is defined by the Department for Education as 'behaviour by an individual or group that intentionally hurts another individual or group either physically or emotionally' (October 2014). Bullying is not acceptable at Raynes Park High School and will not be tolerated under any circumstances. We believe that all students, whatever their race, culture, gender, faith, sexual orientation, physical or intellectual abilities have the right to:

- A safe and secure environment at school and on the way to and from school
- Concentrate on their educational progress without fear of others

Bullying is deliberately hurtful behaviour by an individual or group of students, which inflicts physical, verbal or emotional suffering on another student or group of students. Bullying is any behaviour which involves improper use of power in order to intimidate, threaten, distress or hurt others. Bullying may be an isolated incident or repeated over a period of time.

The aim of this policy is to ensure that students learn in a supportive, caring and safe environment without fear of being bullied.

Bullying can be:

- Physical: any form of violence pushing, pinching, kicking, hitting or threats
- Verbal: name-calling, insults, sarcasm, spreading rumours, persistent teasing
- Emotional: spreading rumours, tormenting, threatening ridicule, inciting others to join in, humiliation, and exclusion from groups or activities
- Cyber: the use of the internet and related technologies to tease, harass, threaten, embarrass or harm other people, in a deliberate/repeated way
- Racist: racial taunts, graffiti, gesture
- Extortion: money, gifts, doing homework
- Sexual: unwanted physical contact, abusive comments

Racial, homophobic and other forms of harassment are seen as very serious incidences of bullying and will be treated as such. Such behaviour related to protected characteristics also contravenes the Equality Act 2010.

Out of school incidents:

Parents/carers are encouraged to inform the school of any out of school incidents so that the situation can be monitored. There may also be occasions as specified in the behaviour policy when

the school does hold jurisdiction despite the incident being out of school times. In these instances any incident will be dealt with in line with this policy and the Behaviour Policy.

If the school feels that an offence may have been committed, the Safer Schools Officer will be informed. This is most likely to occur because of a malicious electronic communication, for example via a social networking site. The wider search powers included in the Education Act 2011 give schools the power to tackle cyber bullying in particular, because teachers can search for and if necessary delete inappropriate images or files on electronic devices.

Roles and responsibilities

All members of Raynes Park High School have a responsibility to recognise bullying and to take action when they are aware that it is happening. The Anti-Bullying Policy applies to all students on site (regardless of term dates or school hours) and to students when they are travelling to or from the school. It also applies when a student is taking part in any school-organised or school-related activity, wearing the school uniform, or in some other way identifiable as a student of the school. Any allegations of bullying will be investigated by the school and action taken as necessary in line with this policy.

Signs and symptoms

Students who are being bullied may show changes in behaviour, such as becoming shy and nervous, feigning illness, taking unusual absences or clinging to adults. There may be evidence of changes in work patterns, lacking concentration or truanting from school. However, there may be no noticeable signs of bullying.

Preventative action

Every member of the school should behave in a considerate way and respect the rights of others. Bullying is addressed within the curriculum to teach students to recognise bullying and to respond to it appropriately.

The role of the curriculum

Teaching and learning strategies can be used in a cross curricular way, particularly in the PSHE&C programme to:

- Raise awareness of bullying and harassment
- Increase understanding for victims, and help to build an anti-bullying and anti-violence ethos
- Teach pupils how to handle their relationships with others

Through the curriculum it is possible to explore such issues as:

- Why do people bully each other?
- What are the effects of bullying on the bullied, on bullies, and on bystanders?
- What can we do to stop bullying?
