Raynes Park High School Sixth Form: 16-19 Bursary Policy 2020-2021

From September 2011 the Government introduced a Bursary Fund to provide support for Sixth Form students from vulnerable groups and low income backgrounds. This replaces the Educational Maintenance Allowance (EMA). This policy explains how Raynes Park High School Sixth Form will administer and distribute these funds, based on guidance from the Education Funding Agency (EFA).

Raynes Park High School Sixth Form recognises that offering support to students from vulnerable groups and low income backgrounds requires sensitivity and confidentiality for those concerned.

Eligibility

To qualify for the bursary students:

- Must be under 19 years old on 31st August in the academic year they start the course
- Must satisfy the residency criteria in the document EFA Funding Guidance: Funding Regulations

There are two types of Bursary that students can apply for:

- **Bursary for students from 'vulnerable groups'** : Young people who are looked after (in care); care leavers; young people in receipt of Income Support or Universal Credit because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner, and young people receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance or Universal Credit in their own right, can apply for a bursary up to £1,200 per year as specified by the government.
- **Discretionary Bursary**: Students who are eligible for Free School Meals, or whose household receive Universal Credit or Working Tax Credit, can also apply for a discretionary bursary from the remaining fund to help with any costs towards their education. The amount awarded under this bursary will depend on the number of successful applications received.

In addition, we may also award discretionary bursary to students who experience exceptional and unforeseen financial difficulties regardless of their benefits status, applications for this bursary should be made by writing a letter to the Head of Sixth Form detailing the financial difficulties being experienced and can be made at any time.

Applications and Assessment

Raynes Park High School Sixth Form will make every effort to ensure all students who are entitled to financial support from the Bursary will receive it. Details of the Bursary Fund and the application process will be displayed on the school website, letters will be sent home to parents/carers at the beginning of each academic year, and announcements will be made in assembly. The application forms and letters are shown in Appendix 1 and 2.

Students applying for the Bursary Fund will be asked to provide evidence to support their application e.g. Employment Support Allowance certificate, Disability Living Allowance certificate, a letter from Job Centre Plus setting out the benefit to which the young person is entitled, written confirmation from the Local Authority of the young person's current or previous looked after status or a letter from the Local Authority of entitlement to Free School Meals.

Students will also have to outline what they propose to use their bursary payments for, for example, to contribute towards transport costs, equipment, books, residential costs, resit fees, Open Day visits etc. Students should keep receipts as they will be asked to submit receipts to demonstrate that their bursary has been spent on their education.

All applications should be received by the Sixth Form Office by the dates specified in the letters and

students will be informed of the result as soon as possible after that date. There will be three opportunities in the academic year to apply the bursary, awards will not be backdated and applications that miss a deadline will be assessed as part of the next round of applications. If there has been a change in circumstances, students can apply at any time. Part of the bursary available will be held back for late applications.

Payments

For 'vulnerable' students entitled to up to £1,200 per year, six half-termly payments of up to £200 will be paid to the student. The payments will be made near the beginning of each half term of the academic year.

For students who qualify for the discretionary bursary, the amount they receive will be determined each year by the number of students who qualify for the remaining funds. The Head of Sixth Form will write to each student to inform them how much money they have been awarded. Again, there will be six half-termly payments made to students as above.

Some money may be paid directly by the school on the student's behalf to cover the cost of specific educational resources or trips.

Please note that students will need to apply to the Bursary Fund at the beginning of Year 12 and again at the beginning of Year 13. We cannot guarantee that students will be eligible for the same amount each year. Also, payments depend on very good attendance of at least 90% as well as a positive attitude and good school reports. This will be closely monitored. Payments can be withheld if students are not fulfilling these requirements.

Bank Accounts

Payments will be made by BACS transfer directly to the student's bank account. The bank account must be in the student's name except in exceptional circumstances when the student is unable to administer their own account. Payments may be made to a joint account where the student is one of the account holders.

Appeals

Students are entitled to appeal against decisions made in relation to their application for a bursary or the withholding of payments. They should first raise their concerns with the Head of Sixth Form, and if this fails to resolve issues, they should make a written appeal to the Headteacher who will review the decision with a member of the school's Governing Body.

Fraud

Students found to be making fraudulent claims will be required to refund all payments received and may be asked to leave the school.

Letter introducing the 16-19 Bursary

September 2020

Dear Sixth Form Parents

RE: 16-19 Bursary Fund

As of September 2011, the government has replaced the Educational Maintenance Allowance (EMA) with the 16-19 Bursary Scheme to help support students from vulnerable groups and lower income families with the costs of post 16 education. The government has given the school a limited amount of money for this purpose.

The government has defined 'vulnerable students' as: Young people who are looked after (in care); care leavers; young people in receipt of Income Support or Universal Credit because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner and young people receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance or Universal Credit in their own right. Students in this group can apply for a bursary up to £1,200 per year as specified by the government.

Students who are eligible for Free School Meals, or whose household receive Universal Credit or Working Tax Credit, can also apply for a discretionary bursary from the remaining fund to help with any costs towards their education, for example, to buy books or subject specific equipment. Until we know how many students are in these categories, we are unable to calculate how much financial support each student will receive. The school will ensure that funding reaches those students who are most in need of financial support. The household income will be used in conjunction with other factors, such as distance to travel from the school and the number of dependent children in the household, as well as the actual participation needs the student has.

If you think your child is eligible, please complete the attached application form and return it in a sealed envelope to Mrs Liste in the Sixth Form Office by Monday 21st September. Please be reassured that all applications will be treated sensitively and confidentially. There will be 2 further opportunities this year to apply funding – deadlines are the last day of the autumn and spring terms.

Once we are aware of the number of students who qualify, I will write to those concerned to explain how much money will be available to each student and the process for claiming.

If you have any queries about the 16-19 Bursary Scheme, please do not hesitate to contact me at school.

Yours sincerely

H Mc Inerney

Mrs H Mc Inerney
Assistant Headteacher
